

	Price	Current Total Value
Unit 1 - Fundamental Skills		\$182.75
<i>Activities for this unit default to the Algebra 1 or 2 Activities Bundle</i>		
Unit 2 - Functions and Graphs		
Tests for Symmetry & Even/Odd Functions Coloring Activity	\$2.00	
Continuity of Functions Cut and Paste Activity	\$2.00	
Average Rate of Change Math Lib	\$3.00	
Characteristics of Graphs Mystery Code Activity	\$2.00	
Transformations of Functions Mystery Code Activity	\$2.00	
Unit 3 - Polynomial and Rational Functions		
Descartes' Rule of Signs Math Lib	\$3.00	
The Factor Theorem Mazes	\$2.00	
The Remainder Theorem Pyramid Sum Puzzle	\$2.00	
Rational Zero Theorem Task Cards	\$3.00	
Writing Polynomial Functions (Given Zeros) Math Lib Activity	\$3.00	
Characteristics of Rational Functions Mystery Code Activity	\$3.00	
Unit 4 - Exponential and Logarithmic Functions		
Compound Interest Scavenger Hunt	\$3.00	
Exponential and Logarithmic Equations Bingo	\$6.00	
Applications with Exponential Functions Task Cards	\$3.00	
Unit 5 - Trigonometric Functions		
Angles in Trigonometry Scavenger Hunt	\$3.00	
Degrees Minutes Seconds and Decimal Degrees Mazes	\$2.00	
Arc Length and Area of Sectors Task Cards	\$3.00	
Linear and Angular Speed Math Lib	\$3.00	
Law of Sines and Law of Cosines Scavenger Hunt	\$3.00	
Graphs of Trigonometric Functions Flip Book	\$4.00	
Graphs of Trigonometric Functions Cut and Paste Activity	\$2.00	
Evaluating Inverse Trigonometric Functions Mazes	\$4.00	
Compositions of Trigonometric Functions Mazes	\$3.00	

Unit 6 - Trigonometric Equations and Identities

Product-Sum Identities Triples Activity	\$3.00
Trigonometric Identities Mazes	\$5.75
Trigonometric Identities Flip Book	\$4.00
Trigonometric Identities Bingo	\$10.00
Simplifying Trigonometric Expressions Relay Puzzles	\$3.00
Solving Trigonometric Equations Task Cards	\$3.00
Solving Trigonometric Equations Fly-Swatter Bingo	\$7.00
Solving Trigonometric Equations Mazes	\$5.00

Unit 7 - Polar and Parametric Equations

Polar Distance Formula Mazes	\$2.00
Classic Polar Curves Sort and Graph Activity	\$3.00
Polar and Rectangular Forms of Coordinates and Equations Task Cards	\$3.00
Parametric Equations Triples Activity	\$3.00
Projectile Motion (with Parametric Equations) Math Lib	\$3.00
Polar Forms of Complex Numbers Coloring Activity	\$2.00

Unit 8 - Vectors

Component Form, Magnitude, and Direction of Vectors Cut and Paste	\$2.00
Component and Trigonometric Forms of Vectors Puzzle	\$2.00
Vectors Coloring Activity	\$2.00
Dot Product and Angle Between Vectors Mazes	\$2.00
Vector Applications Math Lib	\$3.00

Unit 9 - Conic Sections

Conic Sections Applications Math Lib	\$3.00
--	--------

Unit 10 - Systems of Equations and Matrices

Multiplying Matrices Cut and Paste Activity	\$2.00
Determinants of Matrices Pyramid Sum Puzzle	\$2.00
Determinants of Matrices Mazes	\$3.00
Inverses of Matrices Cut and Paste	\$2.00
Determinants and Inverse Matrices Math Lib	\$3.00

Matrices Review Scavenger Hunt	\$3.00
Matrices Flip Book	\$3.00
Solving Systems of Equations with Cramer's Rule Puzzle	\$2.00
Solving Systems using Cramer's Rule and Inverse Matrices Partner Activity	\$2.50

Unit 11 - Sequences, Series, and Induction

Arithmetic Sequences Puzzle	\$2.00
Geometric Sequences Puzzle	\$2.00
Pascal's Triangle and the Binomial Theorem Task Cards	\$3.00

Unit 12 - Introduction to Calculus

Limits of Functions (using Graphs or Tables) Scavenger Hunt	\$3.00
Limits of Functions Triples Activity	\$3.00
Limits of Functions Mazes	\$4.50
Derivatives Task Cards	\$3.00
Derivatives Mazes	\$3.00
